

WESTERN AREA INITIATIVE INTERNATIONAL TRENDS AND SERVICES

Our Link Sisters from the Trinity Chapter wrote a resolution regarding our sisters and their families of African descent who reside along the Somali Coastline. They were also affected by the Tsunami and did not receive the help needed to rebuild their community and their homes. Help went to other locations, but they did not receive the amount of aid as the other countries.

WHAT ARE **LINKS** CALLED TO DO:

- Gather data regarding this situation from UN, Relief agencies,
- Learn about the region and the people of this area
- Research where money has been sent and how it has been used to help people in this community
- Connect with organizations that have been successful in getting money and goods to this region
- Increase awareness of this issue in your local community
- Write letters to your congressional representatives
- Connect with persons in your community of Somali descent
